ARMISTICE STOPS CHINESE FIGHTING FOR NEXT 8 DAYS

Cessation of Warfare Brought About by the Red Cross Society's Efforts.

REBEL LEADERS ARE MUCH DISHEARTENED

So Far as the Government is Concerned, It Is Not Believed that Situation Can Be Solved by Force of Arms.

London, July 28.—The Morning Post's Shanghai correspondent says the Red Cross society has arranged an armistice between the government forces and the rebels, which probably will last eight days.

The correspondent says that 800 southerners have surrendered.

A dispatch to the Daily Mail from Peking says: "The rebel leaders disheartened by defeats and dissensions in their ranks besides approaching President Yuan Shih Kai with a view to negotiating peace, are transferring their headquarters to Japan. Since martial law was declared here a number of 'thousand' men fled to Peking, where a small revolt started bringing large supplies of bombs, have been arrested and executed. Many of them were women. A dispatch to a news agency from Shanghai says the foreign naval detachments have dispersed the Shanghai rebels, and that Chinese blue jackets are patrolling the bays to prevent looting.

According to a dispatch to the Daily Telegraph from Shanghai dated midnight Sunday, an armistice has been announced to permit negotiations between the leaders of the rebels and the government forces.

Cannot Battle by Arms.

The correspondent says there was no fighting Saturday or Sunday and that the southerners are disheartened and leaving Shanghai.

"It is now generally admitted," says the Daily Telegraph's Peking correspondent "that the situation cannot be solved by force of arms. Peking already has despatched all her possible troops, and unless some Mongolian and Manchurian districts are abandoned and the Chinese troops withdrawn thence, further reinforcements are impossible. The military here is practically disheartened and the campaign is being decided from the president's office. The northern troops escorted by two gun boats are due at any moment at Shanghai with reinforcements for the arsenal."

Telegrams from Peking. Times correspondent said that the strategic position of the Nanking rebel army, in view of the likelihood of rear attacks from up and down the Yangtze, is decidedly dangerous, and that nothing short of a decisive victory can save it from being surrounded and defeated.

Foreign Residents Fear

Nanking, July 28.—The city of Nanking has been demoralized of troops. Only a few soldiers to maintain order have been left. Foreign residents here fear trouble from the hands of coolies who have been thrown out of work.

The Zu Chou Fu rebels have retreated to the Hwai river where they have extended their front by a distance of several miles to resist the northern army advancing from the province of Hainan.

Northern troops Saturday fired upon the imperial ocean steamer Ku two on the Yangtze. The steamer at Ching Kiang, 15 miles east of Nanking. Seventy shells struck the vessel, but no one was wounded.

The British ship Woodcock escorted the Ku two up the river and demanded that the government commander explain the apologized profusely and said that the firing on the steamer was a mistake.

Shanghai, July 28.—In accordance with a proclamation issued Saturday the municipal police reinforced by strong body of Shanghai volunteers went yesterday to the rebel headquarters at Chapei, immediately north of the foreign settlement boundary, where they dispersed 300 soldiers and 12 officers and took up 2-inch guns.

There was no actual resistance on the part of the rebels, but for a brief time there appeared to be the prospect of a conflict. The rebels, however, were over-awed by the firm attitude of the municipal police.

All was quiet here yesterday. The detachments of American, British, Japanese, French and Italian blue jackets are patrolling the settlement and the Chapei boundaries. The rebels Saturday morning captured the Lieh Ching, a Chinese admiralty yacht which it is believed, has been bringing despatches to Shanghai.

SEVENTY FOREIGNERS PUT TO DEATH BY THE BULGARIANS AT XANTHI

Twenty Thousand Greeks and Many Mussulmans and Jews Are Reported to Have Perished in Town Which Was Pillaged by the Bulgarians—Discovery of Greek Army on Occupation

Paris, July 28.—A telegram from Saloniki printed in the Paris edition of the New York Herald, says that the Greek army occupied Xanthi on Saturday and that all the inhabitants, including English and Americans, are believed to have been massacred by the Bulgarians.

Seventy foreigners are said to have been put to death. Twenty thousand Greeks and many Mussulmans and Jews are reported to have perished in the town, which afterward was pillaged by the retreating Bulgarians.

No confirmations of the reported massacre have been received from any other sources.

Serious Fighting Continues.

London, July 28.—The Balkan peace conference is expected to open at Bucharest next Wednesday, but meantime serious fighting continues. The Greeks refused Bulgaria's request for even a three-days' truce and after heavy fighting, with great difficulty, not through Kresna Pass, inflicting a defeat on the Bulgarians at Simleu, capturing three siege guns and driving the Bulgarians back on Djuma.

The Greeks claim they annihilated the whole left of the Bulgarian army, and that they have forced the Bulgarians back along the Struma Valley, by which they successfully invaded Macedonia, right up to Djuma on the Bulgarian frontier.

Tudus peace is speedily negotiated another great battle is likely to occur at Simleu.

No news was received today of fighting on the Serbian frontier, but the large numbers of wounded men arriving in Belgrade indicate that severe actions are taking place.

Powerless Men Powerless.

The concept of the power seems as powerless as before to adopt any united action against Turkey. The Porte, however, has discovered the action of its troops in penetrating into Bulgaria and no further advance of the Turkish troops has been reported. The Turks claim their spoils at Adrianople consisted of 150 guns, 50,000 rifles and 1,000,000 sacks of grain.

There are frequent reports of atrocities and massacres by Bulgarians and Greeks. In the Balkan states, the Turkish massacres of Armenians at Constantinople, are impossible to number in chief, reports that Bulgarians murdered 200 Ottoman soldiers and 1,000 civilians in the Balkan states. The London Telegram's correspondent at Saloniki made a thrilling story of how the town of Kavala was saved from massacre. The Bulgarians, according to the correspondent, were prevented from entering the town, being repulsed by a force of 200 men, with orders to burn and sack the place next day.

MARRIAGE LAWS TO BE ANALYZED

Question Is Whether Statute Gives Civil Effect to Ecclesiastical Rulings.

Montreal, July 28.—Before the close of the present year the privy council will be called upon to analyze the marriage laws of the Dominion. The vital question is whether, in its existing state, Quebec law gives civil effect to an ecclesiastical ruling, and if so, on what basis.

There May Be Strange Developments as a Result of the Sale of Poems by the Directors of the Liverpool Athenaeum.

London, July 28.—There may be strange developments over the sale by the directors of the Liverpool Athenaeum of the famous Glenriddle manuscript, which had been in the possession of his death in 1885 the papers passed to his son, Wallace Currie, whose widow presented them to the Liverpool Athenaeum with the manuscripts.

It is suggested that the question be raised, if the Curries had any right to the manuscript. The direct descendant of Burns and the heir to any of his property is Miss Annie Burns, who resides at Glenriddle with her niece, Mrs. Margaret Connelan Burns Huchinson. Miss Burns, it is contended in Scotland, has a legal claim to the manuscripts which the Liverpool directors sold.

The Burns federation and the Burns club of the United Kingdom would provide the necessary funds for making good the claims, but up to the present Miss Burns has not declared her intentions.

Dizzy Headaches Cured in One Night

If Troubled With Head-Pain, Ringing Noises, Spots Before the Eyes, the Stomach is at Fault.

Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.

"I had terrible pains in my head, my appetite failed away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost as severely that I had to go to bed. I would not go to work, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and no more relief me till I used Dr. Hamilton's Pills. Without this great system-cleansing remedy I would still be ailing, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills."

DEATH ACTS AS CHAUFFEUR FOR AN AUTO PARTY

Machine Suddenly Starts from Ferry and Dashes into the St. Lawrence.

PINNED UNDER IT TWO WOMEN WERE DROWNED

Skids Had Been Placed in front and Rear of the Wheels, but the Motor Crashes Through the Gangway on Deck.

Montreal, July 28.—Two women were drowned in the St. Lawrence river, opposite Maisonneuve yesterday, when an automobile in which they were sitting ran started and plunged into the river.

Mrs. Charles Morrison, aged 28, of 927, Tupper street, and Mrs. J. G. Gheys, aged 26, of 41 Hamilton street, were the victims.

Accompanied by their husbands, the women were on their way to Longueil, a four-passenger, motor-driven car, when they were pinned under it and skids placed in front and rear of the wheels.

About the centre of the river the machine suddenly started, and before the skids could be done, the car crashed through the gangway and plunged into the river.

It all happened so quickly that no effort was made to stop the machine as it rushed toward the side of the boat.

The women were evidently pinned beneath the car as they never appeared on the water's surface.

The bodies have not been recovered.

SEVEN CASES IN ELEVEN MINUTES

DAVEN'S RECORD

Nobody Wanted to Work Around the Police Station Today, Anyway.

INTERDICTS ONLY ONES MERITING ATTENTION

Richard Brothers, Who Beat His Wife, Will Not Do It Again for a Month—John Campbell, Going West, Pays the Minimum.

In exactly 11 minutes Inspector Ray disposed of seven men who had led a week-end jag around by the hand. This is a record in Edmonton, but no one wanted to work around the police station today because the police games are in progress.

Richard Brothers was fined \$50 and costs for obtaining liquor while an interdict. Walter incorporated the maltreated wife, who complained. He was sentenced to one month without the option of a fine for the latter act and the magistrate instructed him severely on the matter.

No Different Up West.
"I want to go west tonight and I would like you to give me a chance," said John Campbell when he pleaded guilty to obtaining booze, being in interdict person.

"I will give you a chance," said the magistrate, "but it costs with you. There is nowhere in the civilized world that one may go when he will be able to get drunk; up west it is different. If you haven't sufficient moral courage and strength of mind to refrain from making a beast of yourself you will not be better there than here. I will fine you \$20 and costs." This is the minimum penalty that he could enforce.

Would Jump From Window—Constance Brown yesterday arrested John Mathis in a hall at Griferson and Kinsler, for threatening to throw himself from a window, and it is believed he is insane. He will be examined by Dr. Whitlaw.

COLORED LADY OUT ON HABEAS CORPUS

Second Time In Decade Resort to Ancient Right Necessary in Edmonton

For the second time within the past decade in this city the ancient right conferred upon the British people by the act of Habeas Corpus was exercised when J. McCaffrey as solicitor for Elsie Grege, a colored woman interested in the police station, caused the issue of a writ of habeas corpus compelling the police to allow her freedom. The woman was arrested on a charge, which her husband who is alleged to smoke opium and when she arrived at the station was recognized as a party whom Inspector Worsley sentenced to two months at Calgary last fall. Accordingly she had been awaiting the production of the warrant of committal which has been lost from the police files.

Her solicitor immediately took steps to obtain her release and Saturday night Judge Beck signed the fiat which was served upon Chief Cameron, who allowed the woman to go free. She had appealed the case last fall when she was convicted and paid a \$700 bail which was distrained when she did not appear and consequently sat in liberty when she was arrested last week.

It is very seldom that the right of habeas corpus is required in this country and the cases where it is used are few and far between owing to the fact that it is nearly always possible to obtain bail. In this case bail was refused and it was as a consequence of this refusal that the writ of habeas corpus was applied for.

MAYOR'S BUSY RINGING HOLIDAY

Says Occasion Gave Him a Grand Chance to Work Without Being Interrupted.

Mayor Short spent the forenoon at his office in the new old building. He had nothing to give out when seen by the Capital representative, but stated that it was a grand opportunity to get through with some necessary work without being interrupted. The reporter took the hint and "beat it."

The only other official of the central offices in evidence last morning was the Secretary to the commissioners' English. He spent a few hours in taking care of some important items of business with the mayor.

All other departments in the city hall were closed down tight with the exception of the exhibition board offices where Manager Stark, his regular staff and three extra clerks were very busy taking care of the hundreds of entries that are pouring in. This is the last day for receiving entries and this account is for the extra rush.

The carpenters are taking advantage of the holiday to get some finishing touches put on the new building. A temporary office is being built on the elevator to make it safe for carrying passengers until the new cage arrives.

The offices of the city treasurer and the assessor on the main floor are being finished up. If the work is completed today it is expected that the two departments will move into the new building tomorrow or Wednesday.

The electric light department will occupy the south section of the second floor. Superintendent Ormsby expects the move some time later in the week. The telephone department will then have the use of the offices now being used by the electric light department.

Neuralgia's Burning Pain Checked—Then Cured

Stronger Proof of Cure Could Barely Be Found Than This

WORST CASES CURED AT HOME

"To be really cured of Neuralgia is a marvel to me," writes Davidson E. Plummer, from Kingston. "During the six weeks Neuralgia held me in its grip I suffered agonies. When I had used almost every remedy, hope fairly died within me. Twice every day the attacks would occur. Had the pain been persistent I could not have borne the awful burning pain. But relief was coming all the same, coming thousands of miles from some new people came in from the Maritime Provinces and they brought with them a number of the Calumetines. Company's medicines, among which was a box of bottles of Nervine. Hearing of my plight, they sent me two bottles. At first the effect of Nervine was to fluctuate. Hope would come, then followed despair, but within twenty-four hours Nervine's victory was assured. The first bottle cured, and I am still well. The second bottle I have also used for colds, earache, neuralgia, sick headache and other internal disorders. I will never be without Nervine again."

Nervine is either safe or complete. It is a mild, pleasant, family size bottle, 50c; trial size, 25c, at all stores—Druggists, or The Calumetines Co., Buffalo, N.Y.

FETE ON PORT TRAIL.
The ladies of the North Edmonton Methodist Church at Port Trail are holding a garden party on Wednesday afternoon on the grounds adjoining the church grounds. Those coming from the city will be met at Swift's packing plant at seven, seven-thirty and eight o'clock, and given a ride in the hay racks loaned for the occasion. There will be an excellent program.

Little Miss Theresa Marie Blitt, de-cry state in the union. Following her cleared by the Boston Art League to possess the most perfect features and figure of any child in the United States, has started on a tour of the principal cities of the United States to pose for the country's foremost artists. She won her distinction in a contest with 2,000 other children entered from every

part of the world.

The Winnipeg band has twice been engaged to play at the Toronto Exposition where the greatest bands in the world have played. In St. Paul on two occasions the auditorium was filled with a crowd of 10,000 people congested to hear a band that a Boston critic described as a "brass band with the brasses eliminated." There are 44 pieces in the band, 44 pieces that seem to play as one such is the blending of tones. In certain compositions the Winnipeg musicians are able to give an exquisite tonal quality that is looked for only in an orchestra.

Mr. Barrowclough the organizer and director of the band is a musician of rare ability. Besides directing the

band, which is a hobby, he is president to Edmonton is one of the musical and manager of the Columbian Conservatory of Music throughout the Dominion.

By special request the band will play Schubert's Unfinished Symphony as an encore. The program is as follows: March—La Reine de Saba Gounod Overture—"Holsiegler" Liszt Sextette, from Lucia Donizetti Vocal Waltz Song from Opera "Merrie England" German

Low Wages Not Only Cause

Edna Ferber, whose stories show her to be the keenest of observers, has been studying the investigations of the social workers, and has come to the conclusion that low wages are not the chief cause of girls going wrong.

"Low wages are not," she says, "the only cause of girls falling. It seems to me that there are many causes. If there were only one I know that we could blot that out. Illiteracy is another cause. A majority of these girls are ignorant and are not worth more than they are getting. Then there is the desire for pretty things that some girls love that is responsible for their wayward ways."

"And along this line I find that frequently the girl who is drawing \$25 a week in some store or factory is in need of watching. She may want to live beyond her means. In fact I think the \$25 a week girl is in need of just as much watching as the \$5 a week girl. The poor girl if she stays at home usually takes her money at the end of the week and turns it over to the family. Maybe her mother is working somewhere. If I were a \$5 a week girl I should resent so much of this poking into my business."

The result of a recent investigation in New York shows that while general economic conditions have much to do with the social evil, in not a single case among the many hundreds examined did the girl ascribe the cause of her fall exclusively to low wages. On the other hand the unfortunate had been recruited from all strata in the economic scale.

TODAY'S BIRTHDAY PARTY

MARY ANDERSON, 54 TODAY.

WILL SOON VISIT AMERICA

Mrs. Antonio P. de Navarro, who was Miss Mary Anderson, the favorite American actress, is a general manager, passing, will celebrate her fifty-fourth birthday today. "Mina, Navarro appears to grow younger and more beautiful as time goes by," declares a recent London dispatch, which adds that she will probably visit America within a few months. Miss Anderson retired from the stage some 23 years ago, when she married Antonio P. de Navarro, a celebrated scholar, and a world-famous authority on power. She has a son of 17, who is described as "an earnest and black, beardless and football."

Mrs. Navarro is a member of the board of governors of the Shakespeare Memorial Theatre at Stratford-on-Avon players. The company will begin their American tour in Montreal early in October, according to present plans, and the route takes them to the Pacific coast and return, covering the chief cities of Canada and the United States, as far south as New Orleans. Mrs. Navarro is a Shakespeare enthusiast, and her first trip to England, now her home, was made as a pilgrim to the Stratford shrine.

The gifted actress was born in Sacramento, Cal., July 28, 1859. Her mother was of German descent, and her father an Englishman. The family moved to Louisville, Ky., when Mary was less than a year old, and the father entered the Confederate army, dying at Mobile, Ala., just half a century ago.

The widow married Dr. Hamilton Griffin, of Louisville, a Shakespearean scholar, and he carefully fostered the natural histrionic gifts of his step-daughter. Under the instruction of Charlotte Cushman and Father Anthony Miller, a Franciscan priest, Miss Anderson was fitted for a stage career, and at 16 played Juliet at a trial meeting of the youth. Her New York debut was made in 1877. Galatea, one of her greatest roles, she played the first time in Troy, N. Y., in 1881, and the following year in New York. Thirty years ago she made her London bow in Parkman, and played a continuous season of 10 months, winning great social and artistic success. Red Sox Break String Of Defeats, Winning One

After Losing Fifteen Straight the Regina Sox Succeeded in Pulling a Win From Medicine Hat in First of Double Header.

Regina, July 28.—The Red Sox broke their long losing streak by breaking the Medicine Hat in Saturday afternoon. The Sox won the first game while Lind exercised in the second encounter. Nichols, the Sox pitcher, performed well for the Sox, allowing only two runs being made off him. Considering the adverse conditions under which the games were played, a cold drizzling rain and wet grounds, remarkably fast ball was staged. Buttermilk came close to a no hit game in the eighth and it was responsible for the second run. When Taylor failed to call Brown out when he bunted on the third strike, and he produced a hit which was followed by another and produced the first run. Godfrey's fly was misjudged by the catcher in the eighth and it was responsible for the second run. Brown also pitched good ball but was a sacrifice, Hemo's error and Lind's double sent two runs across in the second. The game was won in the eighth on pass, an infield out and Smith's timely single.

Frank Barrieau Draws With Phila. O'Brien

Former Amateur of Vancouver Held His Own With Classy Professional—Ernie Barrieau Wins Over Darney in Preliminary.

Vancouver, July 28.—Frank Barrieau, former amateur welter weight champion of Canada, held his own with former Philadelphia Jack O'Brien, one of the cleverest boxers in the game, over a ten round bout at the Regent arena Saturday afternoon earning a draw.

The verdict was a popular one. Barrieau made a fine showing and had been able to maintain the pace he set in the earlier rounds he might have won from the Philadelphia boy.

In the ten round preliminary, between Ernie Barrieau and William Darney, the former was awarded the decision at the finish. Barrieau had a lead in every round, Darney being on the defensive all the way, and making Barrieau carry the fight to him. It was Darney's first professional engagement.

U.S. LEADS IN TENNIS TOURNAMENT BY TWO MATCHES

American Team Defeats British Champions in Two of the Series of Matches.

Wimbledon, Eng., July 28.—As the result of Saturday's victory by Maurice E. McLoughlin, of New York, over H. Roper Barrett and C. P. Dixon in the doubles match, the United States team leads by two matches to one in the struggle for the possession of the Dwight F. Davis International Lawn Tennis trophy. It requires only one more victory in the two remaining singles matches to carry off the cup.

The match went to its full extent of five sets, of which the Americans took three to their opponent's two, the score being 6-7, 6-4, 5-6, 7-5, 6-4.

Although often tempted, McLoughlin did not poach on his partner's preserves, often he loyally allowed him to take the overhead balls which he himself loves to smash. Toward the end of the match Hackett became more sum in his volleys and lobs which had been falling short before.

A moment later McLoughlin smashed his racket in the fourth set and the Britons were within a point of winning the set and the match, but the Californian managed to pull his own service out of fire. If the draw is adhered to for the singles to be played on Monday, McLoughlin will face Ohas. P. Dixon, who was defeated by Williams in Friday's match, while the young Harvard player will be sent against John C. Parks, who took the Californian's measure Friday. Neither of the Americans has, either in the present series or in all the England championship this year, played against his opponents in the single matches to be contested on Monday.

BLANCHE WALSH AT EMPIRE TONIGHT

Emotional Actress. Headlining in Orpheum Vaudeville Circuit.

The opportunities for emotional acting today are infinitesimal in comparison to the time when plays, Sadon, Dundas and Racine were enjoying their greatest vogue. Probably for this reason the contemporary drama has produced a very few emotional actors. Blanche Walsh, who comes to the Empire theatre today as the headline feature of the Orpheum vaudeville show and upon whose shoulders descended the cloak of the late Fanny Davenport, however, undoubtedly enjoys distinction of being the foremost American emotional actress. Miss Walsh after pulling and the roles of La Tosca, "Gismonda," "Fedora" and "Giopatra" succeeded in keeping the style drama in the fore through the mediums of Tosca's "The Resurrection," Fitch's "A Woman in the Case" and three other vehicles, namely "Reveries," "Sonata," "The Straight Road" and "The Test."

When it became practically impossible to secure vehicles containing sufficient red blood to be worthy of Miss Walsh's ability, the capable actress turned to vaudeville as an outlet for her splendid talents. Last year she gave vaudeville patrons a splendid creation as a Sioux Indian girl in "The Thunder God." This year she is playing an intensely dramatic moment called "The Cousins Nadine," written especially for her by Joseph Golden. The title affords Miss Walsh the opportunity she invariably insists upon, and it is doubtful if any time she has played heretofore, is better suited to her. Her supporting company has the names of several well known actors, including Harry West, Theodore Babcock and William M. Travers.

MOVING PICTURE SHOWS WILL CUT OUT MUSICIANS

All the Players Are Told They Will Not Be Needed After Next Saturday.

All the musicians in the city who are employed by the moving picture houses have received notice that their services will no longer be required after Saturday night. The moving picture theatre managers say that they are paying too much money for music and that their expenses in this regard will have to be cut down. They ask that the musicians should be able to find other work for a smaller amount per week.

The scale at the present is \$20 a week, plus board and \$15 for side musicians and the managers want the men to decrease these amounts. The men express a willingness to do so, provided the hours also are decreased, but say they will not play seven hours a day, which the present schedule calls for, for any less money than they are now receiving.

The Union will call a meeting shortly to decide the matter, when it will be decided whether a strike will be called or not, but will be discussed with a view to the practice of using only one player, a piano operator. Just what will be done has not yet been decided, but both sides have till next Saturday evening in which to come to a conclusion.

SUMMER GIRLS AT PANTAGES TONIGHT

Two Lovely Headliners in This Week's Bill in the Vaudeville House.

Besides the mainline, there will be two performances at the Pantages theatre this evening. The bill that is offered by Manager Gilt cannot fail to please, for with two headlining attractions such as will be given in "The Counsellor" by the Clara King-Virginia Thornton company, and "Melo Moore's Summer Girls," in a miniature musical comedy, any audience should have its appetite appealed for either or likable musical comedy or for sentimental drama.

It was only in March of the present year, when Charles King, Virginia Thornton and the remaining members of their company returned to Canada from an extensive tour of Australia.

In the Commonwealth, these three artists met with exceptional success, playing for the most part "The Counsellor," which they will now portend for the approval of an Edmonton audience.

Although the plot of the play is laid in New York and of necessity calls for the expression of the east-end, it is said the taste of the Australian to be a necessity and on many occasions the theatre-goer called for the re-appearance of the Charles King-Virginia Thornton company.

"The Counsellor" figures as one of the two of the headlining attractions at the Jasper avenue playhouse this week. The other is that of Melo Moore's "Summer Girls," an act which justifies itself with comedy, while the repertoire of songs has been chosen with a scrupulous care to meet the desire of a vaudeville audience.

MORMONS LIKELY TO LOCATE HERE

Result of the First Temple Outside United States is at Cardston.

After having taken part in the celebrations in connection with the consecrating of the new Mormon temple at Cardston, E. L. Smith and B. W. Rose, well known members of the church of Latter Day Saints, at Salt Lake City, are in Edmonton today. Seen at the Alberta today, Mr. Smith stated that the opening of the temple at Cardston gave the province of Alberta an unique position in the Mormon world, in as much as it was the first to be erected outside of the United States. In Mr. Smith's opinion Alberta is an exceedingly good place for the Mormon to settle, and it is with the view of seeing for himself the conditions existing in different parts of the province that he has visited Edmonton.

The tolerance which is such a noted feature of the west was favorably commented on by Mr. Smith. "We Mormons are perfectly law-abiding citizens," said Mr. Smith, "but in certain quarters there is an unaccountable prejudice against us."

Mr. Smith added that they had never had more such opposition in Alberta as they have in the local situation, Mr. Smith remarked that there were only a very few Mormons in Edmonton, but he fully anticipated that the erection of the Mormon temple at Cardston would direct the attention of Latter Day Saints all over the United States to Alberta, and would probably result in a big influx into Edmonton.

Owing to previous engagements, Mr. Smith was only able to spend a short time in Edmonton, leaving for Calgary this afternoon. He has been very much impressed with the city, however and intends returning in a few days' time, when he will more thoroughly examine local conditions.

Russian Refugees Are to Obtain Homes Here

No Question that the Emigration from the Russian Empire is a very heavy one. Michael Vileski, a heavily laden refugee from Russia, but now a refugee from his native land, due to political intrigues, is in the city and will leave tomorrow for the Peavine Prairie, where he has already secured a homestead.

Although Mr. Vileski has been absent from Russia for nearly a decade, he has kept in close touch with conditions in the district to which he formerly resided.

To a Capital reporter this morning he stated that within the next two years there was no question that the immigration from the land of the Czar would be great. Despite the influences of the police the people are gradually becoming educated and are looking for homes where they will be accorded more freedom.

In a letter which he received from Russia upon his arrival at the Immigration Hall, Mr. Vileski was informed that 100 former soldiers of his army who lived on part of the estates which he once controlled, were sailing on August 8th with their families for Edmonton.
